

5.3.2 QIM Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

Students' representation and engagement in various administrative, co-curricular, and extracurricular activities are important aspects of a student's educational experience. These activities provide opportunities for students to develop leadership skills, socialize with their peers and gain knowledge about the curricular and extracurricular activities. To promote students' representation and engagement in these activities, the institution provides an array of opportunities for students participation. The following activities show the representation of the student's active participation, and engagement in various administrative, co-curricular, and extracurricular activities:

- Internal Quality Assurance Cell (IQAC)
- Anti-Ragging Committee
- Students' Grievance Redressal Committee
- Moot Court Society
- Sports Committee
- Cultural Committee
- NSS Unit

The Committees hold regular meetings and chalk out the plan of action under their domain. The college encourages student participation in the Internal Quality Assurance Cell (IQAC), involving them in the main decision-making body. This cell plays a lead role in organizing various academic activities such as conferences, seminars, workshops, webinars etc.. The Students Grievance Redressal Committee instantaneously responds to the grievances of students and provides due remedies. The Moot Court Society plans its activities and identifies the students for representing the institution in various Moot Court Competitions at the State & National Levels. Students representative in Sports and Cultural Committees are given a major role in planning sports and cultural events, which helps them to develop leadership skills. The students who actively participate in a variety of activities will develop the skills of able leadership. As they begin practicing in the future, this will be helpful. The initiatives made by these members will enable the institution in performing its function smoothly and providing better support for students at their level.

The NSS unit of the institution motivates the students by engaging them in a variety of events throughout the year that promote sports, environmental protection, and social activities like clean-up drives, blood donation camps and go-green initiatives. The institution provides many opportunities for personality development, knowledge upgrading, communication skill development and contribution to society through many of its events planned by the NSS cell and cultural committee.
