INSTITUTIONAL DISTINCTIVENESS

Key Indicator- 7.3 Institutional Distinctiveness

7.3.1- Portray the performance of the Institution in one area distinctive to its priority

Student Aid Scholarship to economically backward meritorious students in the institution

The Janatha Education Society is a registered society started in the year 1972 by a few educationists & philanthropist with a view to serve the cause of education in Karnataka. It is presently managing 15 institutions at 4 different campuses. All the institutions are named after the great philosopher educationalist & Youth icon Vivekananda to emulate his principles.

It was observed by Janatha Education Society (JES) from applications of students received for admission to various institutions managed by it, that some of the applicants belong to poor families in the neighbourhood & a major chunk of them commute everyday from nearby rural places for pursuing their education. It was evident that the parents found it extremely hard to admit their wards to 5 Year or 3 year LL.B Programmes. This plight of the parents set some of the members of the management, with a philanthropic bent of mind, to contemplate about the measures that could be adopted by the institution to reduce the burden of such parents by extending financial support to some of the merited students by conceptualizing STUDENT AID FUND SCHEME.

Janatha Education Society, has conceptualised the student Aid Fund Scheme with a motto to fulfil the constitutional goal of SOCIAL JUSTICE.

The founder members of JES thought it apt to constitute a corpus fund through voluntary donations from members, the proceeds of which are to be utilized to grant STUDENT AID SCHOLARSHIPS to some of the economically backward meritorious students of the 15 educational institutions, in proportion to the strength of each of the institutions through the constitution of a body called Student Aid Committee.

The Student Aid Committee constituted notifies each of the 15 institutions to invite applications from students for grant of Student Aid Scholarship, every academic year. The Committee holds a meeting with the heads of institutions to determine the number of applications received, in order to apportion the interest amount to each of institutions for conferring Scholarships. Each of the institution identifies deserving candidates on the basis of merit & economic backwardness & recommends the same to the Student Aid Committee for due approval & sanction.

The Committee through an interview with the enlisted number of students & their parents finalises the list of candidates for grant of scholarship in a uniform & transparent manner.

Janatha Education Society has rendered 50 years of glorious service in providing education at affordable cost. THE STUDENT AID FUND SCHOLARSHIP conferred by Janatha Education Society is both innovative & unique in the sense that it is available to students with merit & economic backwardness & for those who do not enjoy the benefit of government endowed scholarships based on caste or gender.

The Student Aid Scholarship awarded is not a mere financial assistance but a TESTIMONIAL OF MERIT CUM ACADEMIC ACHIEVEMENT.

The institution through the scheme of Student Aid Scholarships seeks to achieve the following objectives:

1. The Constitutional goal of equity.
2. To provide education at affordable cost.
3. To provide financial aid to economically backward students irrespective of caste, creed or gender.
4. To assure financial security for poor meritorious students to sustain & complete their 5 Year or 3 Year Programme of study in the institution.
5. To perform Social obligation towards the society.
6. To promote social cohesiveness & unity among members of the society.

This venture has become possible due to stringent planning by the educationists in Janatha Education Society to provide education on a non-profitable basis & at the same time extend support to those sections of the people who suffer from socio-economic inequities. It is also about empowering marginalised communities so that they can effectively participate in social & economic settings within their community.

The generous donations of money by philanthropists to the STUDENT AID SCHOLARSHIP SCHEME has facilitated the institution's ability to operate in a manner conducive to promote welfare of others with a sense of satisfaction on the part of donors with regard to their investing for the future generations. The philanthropists have immortalized themselves by pledging financial support for a substantial number of needy meritorious students to pursue their education. This rich legacy of the philanthropists has inspired more such deeds from others, resulting in the augmentation of the corpus fund from time to time, thereby encompassing more number of beneficiaries within its fold. Its positive impact will be enjoyed by generations to come, fostering long lasting changes in society, & creating a fairer world, where everyone shall have equal opportunities and access to resources. Education is not mere academic pursuit, but holistic development through inculcation of values in youngsters, which is in accordance with the vision of our institution, i.e. to attain perfection through education.

Philanthropy benefits both the donor and the donee, the donor with a sense of purpose & fulfillment, the donees with a desire to give back to the society, which is contagious & has a cascading effect. The society will then be infused with life skills of large-heartedness, altruism, generosity, compassion, gratitude & positivity. It is an opportunity to become better human beings.

It is of immense satisfaction that in the past five academic years a total of 43 students have been conferred with Student Aid Scholarship of Rs.7000/- each, totally amounting to Rs. 3,01,000/-. Thanks to the noble philanthropist of Janatha Education Society, the marginalised & economically backward meritorious deserving students are being conferred with scholarships on criteria other than those determined by the Government hitherto, i.e., caste or gender.
