Students Participating in the Programme

The Programme was organised, in association with E-Shree Foundation, the implementing partner of ITC 'WOW'- Wellness Out of Waste, at college Auditorium. This Programme was initiated to give effect to the environment principles of REDUCE, RE-USE and RECYCLE. These methods of waste management are mostly environment friendly and help avoid resorting to waste management measures like, landfill and incineration that are harmful to human as well as environment. There are numerous benefits of recycling. Recycling helps recover resource that can be used to make use of them in different ways. A new product can be made by recycling general waste.

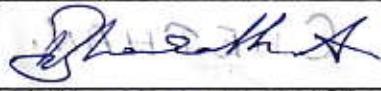

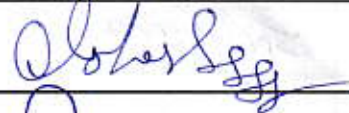

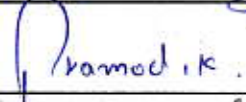

Both staff members and students exchanged 239 kilograms of dry waste for stationary items. The Programme was coordinated by Ms. Anwartha and Mr. Rakshith of 'WOW' foundation and Smt. Prathibha B, Faculty member.

human rights in the Constitution of India and also spoke on the theme “EQUALITY-Reducing inequalities, advancing human rights”. On 10th December India along with the other countries celebrates ‘Human Rights Day’. This day is aimed at protecting the rights of human beings. On 10th December-1948 The Universal Declaration of Human Rights was adopted by United Nations General Assembly. This day ensures the citizen must enjoy the rights provided to them. Human rights are inalienable and universal rights.

Students actively participated in the Programme by preparing and displaying posters on the event and also spoke on importance of human rights. They spoke on importance of human rights. Human rights include economic, social, fundamental and other rights that must be given to an individual just because he or she is a human being. The speakers emphasized on importance of celebrating human rights. Despite more and more people getting educating and the progress of the world, there are billions who are oppressed and under privileged in some way or the other. There are many who don't equally enjoy the rights and privileges of the majority of us. Many still face discrimination on the basis of their cast, creed, religion, financial background or ethnicity. Human rights day addresses the concern of such people in society and seeks to bring them to fore front.

The Jatha was flagged off by Sri. S. T. Narayana Gowda, Donor and Director in-charge, VCL and Dr. K.B. Kempe Gowda, Principal has graced the occasion. This Jatha was led by NSS unit, to promote the use of eco-friendly Ganesha idols during the Gowri-Ganesha festival. It is our responsibility to protect the environment by using eco-friendly Ganesha idol made up off natural products.

It saves our water resources, water living organism, human health from unclean water. Green Ganesha idols are created using organic mud or clay and natural pigments, in contrast to plastic and plaster of paris which significantly damage water bodies, they are environmentally safe. We can help the environment by becoming responsible citizens. The sea species and water bodies are highly contaminated by plaster of paris which is non-bio degradable substance consisting of toxins and dangers colors.

Many campaigns are run to raise awareness about protecting environment using different media. During the Jatha the students displayed placards, posters and chanted slogans on the harm caused to the environment by the use of POP idols.

Report on Awareness Programme on Environment protection:

On 5th November 2018, NSS Unit of Vivekananda College of Law organized a rally in the vicinity of Gayathrinagar, Malleshwaram, Srirampura, Milk Colony and other places of Bangalore.

The awareness programme was organised to educate the public and create awareness among public on the ill- effects and pollution that are caused by bursting crackers on health conditions of children, women and old aged persons and also effects on environment.

It's a practice to take out a Jatha in the vicinity, led by our NSS unit, with posters, placards and chanting slogans about the Haran caused to our environment by bursting crackers during the impending festival of Deepavali. The neighborhood extends positive response by coming out of their houses and interacting with the staff and students.

The students visited the houses, shops and schools to create the awareness on burning crackers. Duration of the Programme was 4 hours, there were about more than 200 hundred students participated. T.V. and Media was also present on the day and had widely covered this programme.
