COURSE-IV: CLINICAL COURSE-I:

PROFESSIONAL ETHICS AND PROFESSIONAL ACCOUNTING SYSTEM

Objective:

Professions are noble. The movement of all professions, hitherto, has been from chaos to organization, organization to consolidation and consolidation to autonomy and monopoly. Same is true of the law profession also. The prime reason for conferring autonomy and monopoly by the society on the professionals is the fact that they are a body of learned persons and the interest of society and individuals is safe in their hands. The Bar should set enviable standards of ethics and scrupulously adhere to them as also enforce them. It is too good of the society to trust the learned body of the professionals to regulate themselves and not to empower an outsider to sit in judgment over their activities. The trust reposed by the society in profession is to be zealously guarded. The Bar should live up to the expectations of the society. The society has a right to expect of the professionals such ideal behaviour. The course is designed to imbue students with these high values forming the basis of the profession so that they can live up to those standards in their professional life.
