Affiliated to Karnataka State Law University, Hubballi

5.2.1

Response to Average Percentage of Placement of Outgoing Students During the Last Academic Year

As the institution offers legal education, the nature of post-graduation opportunities differs significantly from other professional courses. Unlike conventional placement processes where students receive appointment orders or fixed-salary employment in companies, law graduates primarily pursue professional practice. Upon graduation, they are referred to reputed advocate offices to gain practical exposure and begin their legal careers. Therefore, all eligible outgoing students are guided and referred for practice under experienced advocates, which is equivalent to facilitating their professional journey.

There is no fixed salary as our graduates begin their legal practice under advocates, which varies based on individual arrangements.

This aligns with the academic and professional goals of legal education, ensuring a smooth transition from theoretical knowledge to practical application.
