7.1.5 Green Campus Initiatives:

The Institutional initiatives for greening the campus are as follows:

Our college is located in the heart of the city, easily accessible both by BMTC Buses and Metro Rail. Hence large number of staff and students are encouraged to use public transport to commute to and from college. However, it is inevitable for some staff members and students to use their private vehicles due to various reasons.

The campus is linked with pedestrian friendly pathways enabling everyone to walk safely in the premises. It also facilitates mobility wheel chairs.

Our institution gives effect to the UGC Guidelines with:-

- Mandates all students to avoid bringing non-biodegradable plastic items to the institution.
- Sensitizes students to implement these policies in their households and make their households 'plastic free'.
- Encourages use of alternative facilities and solutions like providing drinking water filters in college to discourage students from carrying plastic water bottles and to replace plastic covers with cloth bags and paper bags.

Green practices are followed in the campus by landscaping with trees and plants, medicinal plants, flowering plants and ornamental plants are planted to maintain cool atmosphere and release oxygen.
